PART ONE – Chapter 1

Lolita, light of my life, fire of my loins\(^1\). My sin, my soul. Lo-lee-ta: the tip of the tongue taking a trip of three steps down the palate to tap, at three, on the teeth. Lo. Lee. Ta. She was Lo, plain Lo, in the morning, standing four feet ten in one sock. She was Lola in slacks\(^2\). She was Dolly at school. She was Dolores on the dotted line. But in my arms, she was always Lolita. Did she have a precursor? She did, indeed she did. In point of fact, there might have been no Lolita at all had I not loved, one summer, a certain initial girl-child. In a princedom by the sea. Oh when? About as many years before Lolita was born as my age was that summer. You can always count on a murderer for a fancy prose style. Ladies and gentlemen of the jury, exhibit \(^3\)number one is what the seraphs\(^4\), the misinformed, simple, noble-winged seraphs, envied. Look at this tangle of thorns\(^5\).

Plage. There, on the soft sand, a few feet away from our elders, we would sprawl all morning, in a petrified paroxysm of desire, and take advantage of every blessed quirk in space and time to touch each other: her hand, half-hidden in the sand, would creep toward me, its slender brown fingers sleepwalking nearer and nearer; then, her knee would start on a long cautious journey; sometimes a chance rampart built by younger children granted us sufficient concealment to graze each other’s salty lips; these incomplete contacts drove our healthy and inexperienced young bodies to such a state of exasperation that not even the cold blue water, under which we still clawed at each other, could bring relief.

Among some treasures I lost during the wanderings of my adult years, there was a snapshot taken by my aunt which showed Annabel, her parents and the staid, elderly, lame gentleman, a Dr. Cooper, who that same summer courted my aunt, grouped around a table in a sidewalk café. Annabel did not come out well, caught as she was in the act of bending over her chocolat glacé, and her thin bare shoulders and the parting in her hair were about all that could be identified.

That photograph was taken on the last day of our fatal summer and just a few minutes before we made our second and final attempt to thwart fate. Under the flimsiest of pretexts (this was our very last chance, and nothing really mattered) we escaped from the café to the beach, and found a desolate stretch of sand, and there, in the violet shadow of some red rocks forming a kind of cave, had a brief session of avid caresses, with somebody’s lost pair of sunglasses for only witness. I was on my knees, and on the point of possessing my darling, when two bearded bathers, the old man of the sea and his brother, came out of the sea with exclamations of encouragement, and four months later she died of typhus in Corfu.

I am convinced, however, that in a certain magic and fateful way Lolita began with Annabel.
